## Chairpersons Report 2023/2024

I first became Chair of Watford African Caribbean Association (WACA) in 2004. I have been the chair for all but one year during that 20-year period. The late Arthur McLean had been the Chair for the previous 16 years. Those years have seen lots of ups and down. Initially WACA received significant funding from Watford Council and Herts County Council amounting to over £100,000 per annum.

Alas the situation has changed dramatically so much so that we have had to give up the premises that we called our base and lost all our staff. With the onset of Covid we suspended all face-to-face activities over a prolong period. However, thanks to the development of technology we were able to maintain our engagement with the community particularly through Zoom. More recently we have resumed face to face activities particularly using premises provided by Asda for which we are thankful.

Over the last year thanks to funding from Three Rivers District Council, we were able to employ Gemma Johnson-Gaston as our Administrator and her employment has had a fundamental impact on our organisational capacity. However, the funding for her post is short term and it is imperative that we find alternative resourcing to maintain this important role.

In two years' time the organisation will be celebrating 50 years of existence in Watford and the surrounding area. We want to celebrate that milestone and to that end we would welcome suggestions as to how best we can mark the occasion.

Despite continuing financial struggles, 2023-24 has been an outstanding year as reflected by the achievements detailed elsewhere in this report. We have been blessed with a hard working dedicated group of directors and volunteers and I would like to thank them all for their dedication and support.

I would like to extend my thanks to all my fellow Directors: Garnet Hinds, Joe Inniss, Khadijah Jervis, Marcia Johnson, Eva Mbiru, Pearline McFarlane, Amidou Njie, Valerie Osborne, Daisy Peets and Samantha Hutchinson (Our most recent recruit) for their continuing support.

Thanks also to all the volunteers involved in Thrive Youth Project, 50+ Activities, Sickle Cell and Thalassaemia Support Group and our Black History project. Your contributions have been invaluable and is much appreciated.

Thanks also to our funders and other supporters that have included: Three Rivers District Council, CDA Herts and Hertfordshire County Council (Local councillors locality budgets) and Asda Watford Store.

A final thanks to Gemma who has worked tirelessly since she joined us in June 2023 and to all of you that are members for your continuing support.

By way of a final word, I would just like to remind you all that this is your organisation. Encourage your family and friends to join - membership remains free. The more members we have the greater will be our capacity to attract the funding needed to continue our development. Consider also joining the WACA board so that we can live up to our motto which is **together we can achieve** more! Do engage with one of our directors if you would like to find out more.

Clive Saunders OBE  
Chairman

## Treasurers Report 2022/23

The completed annual accounts have been approved by the Directors and the section we will focus on, are activities over the 2022/2023 year relating to the income generated and the expenditure.

Although we are in the post Covid period the impact is still being felt and as such we have not restarted our main fund raising activities and we are reluctant to do so at the moment. As you are probably all aware we are in a serious cost of living crisis and as such we are not sure when it will be prudent to consider having such events again due to the potential financial risks.

At the end of the year the Board reviewed the financial and other risks as we are required to do and we are satisfied that we are able to operate effectively within what remain manageable financial risks.

Thanks largely to donations and funding received from Three Rivers District Council we are again in a position where our income has exceeded our costs. Our current account balance remains positive through the year without any need to drawdown funds from our saving account. We also hold reasonable funds in our deposit accounts. We will be reviewing the return on our savings in the coming year to ensure that we are getting the best return without taking undue financial risks.

As a result of the Funding from Three Rivers District Council we have identified the role of an administrative Officer to support the Board and will be looking to recruit in early 2023-24. The financial environment remains challenging; however, I am pleased to say we continue to maintain our financial sustainability. We plan to continue supporting for our current activities, to seek out further financial support to maintain those activities and to facilitate educational and other initiatives of interest to the younger people in our community. We welcome any assistance financial or otherwise that would enable us to advance our work further.

The income and expenditure accounts are attached to this report.

Garnet Hinds  
Treasurer

## Administrative Activity Report 2023/24

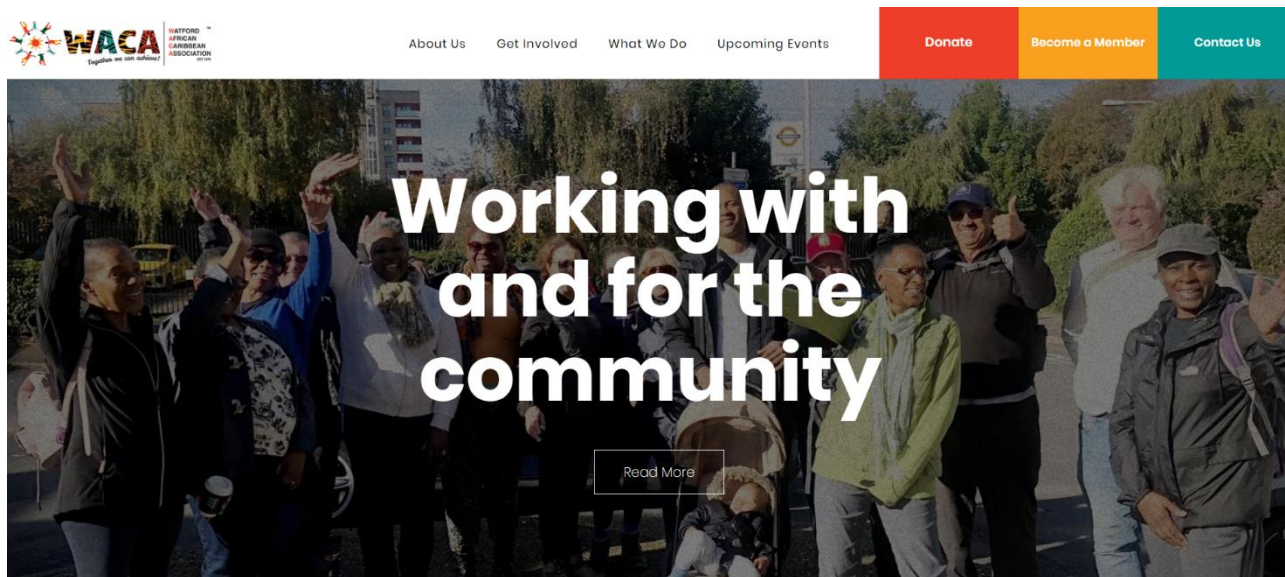

This past year has featured a significant amount of change, including taking the first steps to modernising the organisation. These changes included developing the necessary materials to effectively promote WACA and creating a presence in the social media arena.

We have new logos for three key areas of the organisation -

These logos really tie together everything that WACA offers and enables us create clarity with each area of the organisation.

We have also developed a new website – [www.waca.org.uk](http://www.waca.org.uk) which is an exciting new development! There we showcase information about our history and all areas of the organisation, as well as upcoming events and news and we also offer the opportunity to donate and join the association.

We also introduced a new monthly newsletter, which has had a great response. Each month we share new information about WACA's services or events, any relevant current issues at both local and national level, black history and facts, as well as upcoming events for that coming month both locally and in London.

We are now in possession of new marketing materials, which include brand new business cards, leaflets, banners and lanyards. This enables us to promote the organisation and allows us to really focus on increasing awareness of the organisation going forward.

We also now have Instagram and Facebook accounts, which are regularly updated with WACA events and information, as well as fun and inspiration Black History facts and quotes! This continues to be a great way to engage with people, share information and increase awareness of WACA.

## 50+ Activities Club Report 2022/2023

The fifty plus activity group meet regularly at the Asda Community Rooms. It is open to all communities and is aimed at men and women who are aged 50 and over. We aim to inspire, inform and entertain as often as possible.

It is evidently clear in this world, that friendships and community are most important to one's emotional well-being. Engaging with a social group allows you to escape that feeling of loneliness, where you are able to look forward to seeing friends and forging new friendships and relationships.

As another year comes to a close we look back at a busy year of fun and activities.

We enjoyed making Easter Egg treats just before the Easter break and luckily we made enough to take home for family and friends. During a sugar craft session we made shoe decoration cake toppers.

In October we had an Open Day where we displayed many of our creative items that we'd made over the past year or so. A visit from Ginder & Sons spoke about funeral plans. They were able to answer many questions and clear up many misconceptions about funerals and funeral plans. A group of men played dominoes and we also had a visit from the Sickle Cell nurses from Watford General Hospital. It was a very successful day.

Another canal boat trip was organised and we enjoyed a lovely relaxing day, drifting along the Grand Union Canal in Hemel Hempstead. We were able to have a fish and chip lunch which was a treat as it was delivered to us by another boat. There was also the opportunity for people to get involved and some of the younger people helped with steering the boat and the opening and closing of locks along the way.

Our Admin Assistant organised a visit from 10 under 12s boys from Watford Football Club. The boys shared the work that they had been doing on the Windrush and the footballer Walter Tull. It was a very delightful visit, with Peter Taylor – the elected mayor also in attendance. Everyone was very appreciative of the interaction with the young people.

We had an informative and interesting talk from the Community Engagement Co-ordinator of the Rennie Grove Peace Hospice. She explained that Rennie Grove Hospice and Peace Hospice Care had merged to help meet the growing need for hospice services in Hertfordshire.

Just in time for the Christmas period, we made Christmas Wreaths, which was fun. We organised a Christmas lunch at our last session of the year and had drinks and cake at a local café in the new year.

Although our group is not vast in numbers, we look forward each week to meeting each other.

If you or anyone you know would like to join us, please do. Come and join us for tea or coffee and biscuits or a slice of cake.

We meet at:

Asda Community Room, Odhams Industrial Estate, St Albans Rd, Watford WD24 7RT

Wednesdays 11.30 to 2.30pm

Marcia Johnson

Director and 50+ Project Lead

## Sickle Cell and Thalassemia Support Group Report 2023/2024

Since WACA's last AGM in 2022 we are pleased to inform you that we have some good news for those living with the crippling Sickle Cell disease in the Watford area. In February 2023 we were blessed with the appointment of a Sickle Cell Nurse based at Watford General Hospital. Asiawu Imam's role is to improve experience and clinical outcomes for patients admitted to hospital with Sickle Cell.

As previously we continued with our wish to direct and inform the community with the best advice available to us. On 21<sup>st</sup> June 2023 we held our usual Sickle Cell Awareness Day. We have been very lucky that John James, Chief Executive of the Sickle Cell Society has yet again supported our event. In addition Asiawu Imam also attended the event.

John James updated us on the All Party Parliamentary Group Report, "No-One's Listening" where there are signs of progress/movement. John made it clear that people living with Sickle Cell have a dreadful experience in Accident and Emergency across the whole of the country. One of the ways NHS England has proposed to combat this, is a pilot scheme which consists of a hyper acute unit in hospitals for Sicklers. Some of these units are already in place for other illnesses incl. strokes, cancer etc. This process would bypass A&E and give direct access to specialist carers which would improve outcomes. The pilots will not be across the whole country initially but some in larger towns could come into effect in 2023 and will be fully funded by NHS England.

The second plan is for NHS England to establish a Digital care record to enable patients to obtain medication if they were for instance visiting family in another part of the country. Healthcare professional are often reluctant to give morphine or Ketamine that a Sickler would normally get from their local provider. This may not be available before the end of the year (2023) but Healthcare cards that all Sicklers have can be used in the interim until the Digital cards are up and running.

The third piece of work that The Sickle Cell Society has been advocating for decades is free Prescriptions for Sicklers but it's unlikely that free prescriptions will be approved due to the NHS's own financial issues. However there is a campaign to increase the pre-payment certificate which would deliver savings. This would be a short term measure until help with prescription costs are available.

These are the three areas that are being discussed with the NHS but there are other solutions being reviewed **so please listen to the full video for further information.**

We would like to acknowledge and thank John James who as usual gave up his evening to speak to our community along with the introduction of WGH Sickle Cell Nurse Asiawu Imam who you will hear more from at future Sickle Cell meetings.

**WACA Sickle Cell Committee: Mrs Dolores Smith, Mrs Pearline McFarlane, Clive Saunders & Valerie Osborne**

*\* The Sickle Cell Society is a National Charity for Sickle Cell providing advocacy & support to individuals and families. They provide information and advice to many countries apart from the UK and produced guidelines entitled "Standards for Clinical care of Adults with Sickle Cell Disease in the UK" for hospitals and healthcare professionals with the aim of improving care for patients. The Society also works with Industry to champion treatment for Sickle Cell.*

## Black History Month Report 2023-2024

Once again, we have been able to put on a programme for Black History Month due to the hard work of our Black History planning group.
